High School Graduation Requirements

All public high school students must meet minimum state graduation requirements to earn a diploma and graduate. These graduation requirements are considered the Future-Ready Course of Study (FRC) requirements and prepare students for post-secondary success.

All students must earn at least 22 credits in the Future-Ready Course of Study to graduate from high school. The Future-Ready Course graduation requirements ensure that a student is prepared for life and whatever pathway they choose after they graduate, workplace, colleges/university or the military. Below are the specific course requirements.

The Occupational Course of Study is available for those students with disabilities who are specifically identified for the program and has adapted course requirements and the same credit requirements as FRC. Below are the specific course requirements.

Although the state requires a designated number of courses and credits for students to graduate high school, local school districts and other public school units may recommend additional courses and credits to graduate in order for them to be most successful with their postsecondary plans. Families and students are strongly encouraged to check with their high school to determine the best plan towards graduation.

Future Ready Course of Study (22 credits): Students Entering Grade 9 in 2026-2027 and beyond

Future-Ready Course of Study (22 credits): Students entering Grade 9 in 2021-2022 and beyond

Future-Ready Course of Study (22 credits): Students entering Grade 9 in 2020-2021

Future-Ready Course of Study (22 credits): Students entering Grade 9 between 2014-2015 and 2019-2020

Occupational Course of Study (22 credits): Students entering Grade 9 in 2021-2022

Occupational Course of Study (22 credits): Students entering Grade 9 in 2020-2021

Occupational Course of Study (22 credits): Students entering Grade 9 between 2017-2018 and 2019-2020

Occupational Course of Study (22 credits): Students entering Grade 9 in 2014-2015
